Requirements:

Access to 120V electrical power is necessary for the fountain.

The fountain requires a level surface. Outdoor use is not recommended due to flying insects and to keep the temperature of the chocolate liquid enough for cascading.

General Information

* Denotes the item that includes nuts and or nut based oils. Careful consideration of serving these items should be reviewed due to high rate of allergies within the general population. Setup of the fountain requires access to the location a minimum of two hours prior to the start of the event. Serving ware (napkins, plates & skewers) are provided with the fountain and is based upon the number of guests attending. Delivery is \$50 for clients in Anchorage, Willow & Talkeetna; \$35 for Eagle River / Peters Creek / Chugiak areas. All other areas, please inquire regarding delivery fees.
